

Health Resources and Services Administration
NOTICE TO THE PUBLIC OF FINDING OF
NO SIGNIFICANT IMPACT
For COMTREA Northwest Capital Grant Project

In accordance with the National Environmental Policy Act, the Council on Environmental Quality regulations for implementing NEPA (40 CFR Parts 1500 through 1508) and the HHS General Administration Manual Part 30 Environmental Protection (February 25, 2000), HRSA has determined that the **Northwest Capital Grant Project** proposed by Community Treatment, Inc. will have no significant adverse impact on the quality of the human environment. As a result of this FONSI, an Environmental Impact Statement will not be prepared.

The Health Resources and Services Administration (HRSA) of the Department of Health and Human Services (HHS) provides discretionary grant and cooperative agreement awards to support health centers expand their capacity to provide primary and preventive health care services to medically underserved populations nationwide.

Community Treatment, Inc. in Festus, Missouri has applied for HRSA grant funding. The applicant proposes to use grant funds for the construction of a building and associated parking lot on the approximately 3.5-acre property at 1817 Gravois Road in High Ridge, Missouri. The health center currently provides mental health services, psychiatry services, and substance use treatment on the property. The construction of a new building would expand services for psychiatry and primary care for a more integrated model. The new building would include exam rooms for medical and psychiatry services, offices, a Quest Diagnostics lab for blood draws, a waiting room, and telehealth services. The applicant has submitted an Environmental Assessment (EA) that documents impacts of the proposed action. This EA is incorporated by reference into this FONSI.

Additional project information is contained in the Environmental Assessment for this project, which is on file at the following address for public examination upon request between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, as well as the COMTREA website @ www.comtrea.org
